ANOTHER NOVELTY IN THE ANNIVERSARY YEAR AT LMC

## THE NEW LMC TRACER: COMFORT AND FLEXIBILITY ON THE MOVE

- **Five layouts (3x TI + 2x Van): for couples and families**
- **Even lighter than the Tourer series**
- **For the price-conscious: from a basic price of € 65,200**
- **Two chassis - Fiat + Citroen**

**Sassenberg, April 2025** - As announced, LMC is launching a number of new products on the market in its anniversary year. The leisure vehicle manufacturer LMC Caravan GmbH & Co. KG is delighted to present the new Tracer - a motorhome series that offers both comfort and flexibility when traveling. Designed for adventurers and families alike, the Tracer sets new standards in the motorhome segment and embodies modern travel options in a rapidly changing world.

### **The Tracer - the perfect travel companion the price-conscious**

What does Tracer mean? Tracer stands for "tracer" and symbolizes the new, pioneering direction in the LMC motorhome sector. "We are focusing intensively on the lightweight construction of our vehicles. We optimize to give our customers the opportunity to pack what they want to take with them on their travels without any worries," says Bodo Diller.

**Lightweight under 3.5 t:** Despite its extensive equipment, the Tracer remains licence-friendly with a total weight of less than 3.5 tons and at the same time offers an impressive payload capacity. Compared to the lightweight LMC Tourer series, another almost 100 kg could be saved here, which directly increases the camper's payload. (The final weights will follow.)

The Tracer comes with two chassis variants. It is available with both Fiat and Citroen chassis, giving customers a choice.

**Versatile layouts:** Right from the start, the Tracer offers five layout variants, which will be available from summer or fall:

Semi-integrated: 680 DL, 690 EL, 730 EL

Vans: V 670 and V 600

**Comfortable headroom:** The Tracer models (except Tracer Van) offer a high and comfortable headroom of 2.16 m, which ensures a generous feeling of space and makes staying on board even more pleasant. Under the lifting beds, the headroom is the usual 1.98 m.

**Additional seating:** flexibility is a top priority. The Tracer (except Tracer Van) can be equipped with a fifth seat on request - ideal for larger families.

**Attractive price:** The Tracer is priced below the Tourer series, making it a particularly attractive option for price-conscious customers.

QUALITY. TRUST. AT HOME.

#### **Further highlights at a glance:**

- Compressor refrigerator with many advantages:  
Maintenance-free, better cooling performance at high outside temperatures, short cooling lead time, energy savings and low weight.
- Flexible in the washroom:  
Swivel wall for a large shower
- good drying options:  
Fold-out clothes rail in the bathroom
- Best sleeping comfort:  
High-quality slatted frames and cold foam mattresses
- Optimal lighting in the kitchen:  
LED light panel under the kitchen wall cabinet
- Increased safety:  
Puncture kit and smoke detector as standard.
- Cozy warmth on cold days:  
Diesel heating as standard
- Sufficient storage space for a large payload:  
250 kg payload in the rear garage

#### **Interior: modern, friendly design**

The Tracer fits in harmoniously with LMC's skillful interior design. Timeless and friendly, in a trendy tone-in-tone design. The colors used in the decors and accessories come from the same color family. "Greige" is the basic tone on which the concept is based. The light oak decor of the wall units creates warmth in the restrained color combination. Typical of LMC, the customer can decide for themselves which colors to use, e.g. for decoration. The design helps customers to realize their own wishes and give the caravan its own personal style.

#### **Optional and floor plan-dependent add-ons:**

The headroom in the bed area allows for two large cushions to be optionally attached to the rear wall with Fidlocks. This creates a cozy lounge situation. Lounging in the motorhome bed - simple and comfortable. Of course, the cushions can be taken into the seating area.

An optional pinboard adorns the wall above the fifth seat to pin up your favorite vacation memories or shopping lists.

The atmospheric lighting contributes to the feel-good atmosphere and makes the Tracer vans a cozy retreat.
